Bonus	20% trading credit
Maximum Bonus	USD 100 per deposit; USD 1,000 total per client

Invest Smart, Trade Smarter

1. Overview and Acceptance

The Madness 20% Deposit Bonus (the "Promotion") is offered by Vestrado subject to these Terms and Conditions. By participating, opening or using an eligible account, making a qualifying deposit, accepting any bonus credit, or continuing to trade after the bonus is credited, the client confirms that they have read, understood, and accepted these Terms and Conditions.

The Promotion is a discretionary promotional arrangement. It does not form part of the client's cash balance, is not a deposit, is not an investment return, and does not create any entitlement to receive cash from Vestrado.

2. Campaign Period

The Promotion starts on 16 July 2026 at 12:01 AM and ends on 15 October 2026 at 11:59 PM, based on the server time applied by Vestrado.

Deposits received before or after the Promotion period are not eligible unless Vestrado expressly confirms otherwise in writing. Processing delays by payment providers, banks, blockchains, or third parties do not extend the Promotion period.

3. Eligibility

1. Participation is available only to Vestrado clients from Malaysia who are at least eighteen (18) years old and have completed all account-opening, identity verification, and compliance requirements requested by Vestrado.
2. The client must maintain an active and verified Vestrado profile in good standing.
3. The Promotion is available only on eligible Frux Standard and Frux Premium trading accounts.
4. Unless Vestrado approves otherwise, participation is limited to one client profile, one verified identity, one household, one device group, one IP/network group, and one eligible promotional trading account.
5. Employees, contractors, service providers, and their immediate family members may be excluded at Vestrado's discretion.
6. Vestrado may refuse participation where legal, regulatory, sanctions, payment, fraud, security, or operational restrictions apply.

4. Qualifying Deposits and Bonus Limits

7. A qualifying deposit must be at least USD 15, or the equivalent amount accepted by Vestrado, and must be successfully credited as cleared funds into an eligible Frux Standard or Frux Premium account during the Promotion period.
8. Each qualifying deposit receives a 20% bonus credit, subject to a maximum bonus of USD 100 for each deposit.
9. The maximum cumulative bonus available under this Promotion is USD 1,000 per client across all accounts, profiles, devices, payment methods, and related persons determined by Vestrado.

10. Internal transfers, balance corrections, rebates, commissions, prizes, previous bonus credits, chargeback reversals, refunds, compensation payments, wallet transfers, or funds moved between the client's own accounts do not qualify as new deposits.
11. Deposits made by a third party, from an account not owned or controlled by the verified client, or through an unauthorised payment method may be rejected, returned, or excluded.
12. Where a deposit is reversed, cancelled, refunded, charged back, disputed, recalled, or deemed invalid, the related bonus and any benefit or profit attributable to it may be removed.

5. Bonus Credit and Trading Use

13. The bonus is credited to the credit section of the eligible trading account and may be used as additional trading margin, subject to the account's applicable trading conditions.
14. The bonus is not cash, cannot be transferred, sold, assigned, exchanged, pledged, or withdrawn, and may be lost through trading activity.
15. Account currency, leverage, margin requirements, stop-out levels, instruments, commissions, spreads, swaps, execution rules, and other specifications remain subject to the applicable account and product conditions published by Vestrado.
16. Vestrado does not guarantee that a bonus will prevent margin call, stop-out, negative balance, liquidation, or trading loss.
17. The client remains solely responsible for all trading decisions and risks. The Promotion must not be interpreted as financial advice, an invitation to overtrade, or a guarantee of profit.

6. Withdrawals, Transfers and Bonus Removal

18. Only the client's available cash balance and eligible realised trading profits may be withdrawn, subject to normal withdrawal, compliance, payment, and account conditions.
19. Any withdrawal request, internal transfer out, wallet transfer, account closure request, chargeback, refund, or movement of funds from the promotional account may result in the immediate removal of all or part of the remaining bonus credit.
20. Unless Vestrado expressly applies a proportional adjustment, any withdrawal from the promotional account will cause the entire remaining bonus credit to be removed, regardless of the withdrawal amount.
21. The client is responsible for maintaining sufficient equity and free margin before requesting a withdrawal or transfer. Bonus removal may reduce margin and may result in immediate margin call, stop-out, or closure of open positions. Vestrado is not responsible for losses arising from such removal.
22. Vestrado may delay processing a withdrawal while reviewing the client's account, deposits, trades, devices, payment sources, identity, or Promotion activity.

7. Prohibited and Abusive Activity

Abuse is strictly prohibited. The following conduct includes, but is not limited to, activity that Vestrado may classify as abusive, fraudulent, manipulative, coordinated, or inconsistent with the purpose of the Promotion:

- Creating, controlling, funding, using, or benefiting from multiple profiles or accounts to obtain more than the permitted bonus, including accounts held in the names of relatives, employees, nominees, companies, partners, or other connected persons.
- Using duplicate, altered, false, stolen, synthetic, borrowed, or misleading identity information, documents, addresses, telephone numbers, email addresses, devices, IP addresses, VPNs, proxies, remote desktops, emulators, virtual machines, or payment credentials to conceal links between accounts.
- Funding an account with a third-party payment method, stolen payment instrument, unauthorised card, compromised bank account, disputed crypto transfer, or funds that are later charged back, reversed, recalled, refunded, or reported as unauthorised.
- Coordinated trading, matched trading, opposite-position trading, risk-free or near-risk-free hedging, group hedging, account-to-account hedging, cross-broker hedging, or arrangements intended to transfer profit or loss between related accounts while preserving or extracting promotional value.
- Opening substantially identical or opposing positions across one or more accounts, persons, brokers, platforms, or liquidity venues to exploit the bonus rather than assume genuine market risk.
- Exploiting price-feed errors, delayed prices, stale quotes, off-market prices, manifest pricing errors, execution latency, system defects, platform malfunction, connectivity issues, rollover conditions, market gaps, or any technical or operational weakness.
- Using ultra-short-term, high-frequency, automated, scripted, or repetitive activity principally designed to capture the bonus, execution discrepancy, price delay, rebate, or other artificial advantage rather than genuine trading exposure.

- Manipulating deposit and withdrawal timing, splitting deposits, circular funding, repeated deposit-withdrawal cycles, wallet recycling, or moving the same funds between connected accounts to generate repeated bonus credits.
- Colluding with an Introducing Broker, affiliate, employee, payment provider, trader, account manager, or any third party to generate artificial registrations, deposits, volume, commissions, rebates, or bonus claims.
- Using the Promotion in connection with money laundering, terrorist financing, sanctions evasion, fraud, identity theft, unauthorised account access, market abuse, or any unlawful activity.
- Providing false statements, withholding material information, refusing reasonable verification, interfering with an investigation, deleting evidence, or attempting to bypass a restriction, suspension, or previous disqualification.
- Any other pattern which, in Vestrado's reasonable assessment, has no genuine commercial or trading purpose and is primarily intended to exploit, circumvent, manipulate, or obtain an unfair benefit from the Promotion.

8. Review, Evidence and Determination

23. Vestrado may review and compare client information, KYC records, payment ownership, devices, browser fingerprints, IP addresses, network information, geolocation indicators, login activity, trading patterns, order timing, counterparties, account relationships, referral links, and other records available to Vestrado or its service providers.
24. Vestrado may request additional identification, proof of address, proof of payment ownership, source of funds, source of wealth, bank statements, wallet evidence, device confirmation, video verification, or any other supporting information.
25. The client must cooperate promptly and provide complete, authentic, and verifiable information. Failure to respond within the period specified by Vestrado may result in suspension, disqualification, or account restriction.
26. For Promotion administration and abuse determination, Vestrado's records, platform logs, payment records, and reasonable assessment will be final, subject to any mandatory rights available under applicable law.

9. Consequences of Abuse or Breach

27. Vestrado may withhold, cancel, reduce, reverse, or remove any bonus credit at any time.
28. Vestrado may cancel, adjust, or reverse profits, losses, trades, rebates, commissions, benefits, or withdrawals that are directly or indirectly connected with abusive, invalid, fraudulent, or prohibited activity.
29. Vestrado may reject or delay deposits and withdrawals, return funds to their original source, freeze an account, close open positions, suspend trading, restrict services, terminate the Promotion, close accounts, or terminate the client relationship.
30. Where multiple or connected accounts are involved, Vestrado may apply action across all accounts and profiles that it reasonably determines to be related.
31. The client may be required to repay any bonus, profit, commission, rebate, withdrawal, cost, loss, fee, chargeback, or other amount obtained or caused through a breach.
32. Vestrado may share relevant information with payment providers, banks, identity-verification providers, platform providers, regulators, law-enforcement agencies, courts, dispute-resolution bodies, or other parties where permitted or required by law.
33. These remedies are cumulative and do not limit any other contractual or legal rights available to Vestrado.

10. Technical, Operational and Market Events

34. Vestrado may suspend, delay, amend, or cancel the Promotion where a platform outage, pricing issue, payment disruption, cyber incident, market event, liquidity issue, regulatory requirement, force majeure event, or other circumstance affects fair or safe operation.
35. Vestrado is not responsible for failure or delay caused by banks, payment providers, blockchain networks, internet providers, trading platforms, liquidity providers, third-party systems, or circumstances beyond its reasonable control.
36. Where an obvious error occurs, Vestrado may correct the account, bonus, trade, calculation, statement, or payment to reflect the position that would reasonably have applied without the error.

11. Amendment, Suspension and Termination

37. Vestrado may amend these Terms and Conditions, adjust eligibility, change bonus limits, suspend new participation, or terminate the Promotion at any time where reasonably necessary for legal, regulatory, security, risk, abuse-prevention, market, or operational reasons.
38. Any amendment may be communicated through the Vestrado website, Member Area, email, platform notice, or other appropriate channel. Continued participation after an amendment takes effect constitutes acceptance of the amended terms.
39. Termination of the Promotion does not affect Vestrado’s right to review earlier activity or take action for any prior breach or abuse.

12. General Terms

40. These Terms and Conditions apply together with Vestrado's Client Agreement, trading conditions, privacy notice, AML/KYC requirements, payment terms, risk disclosure, and any other applicable policies. In the event of inconsistency concerning the Promotion, these Terms and Conditions govern the promotional benefit, while mandatory legal and regulatory obligations continue to apply.
41. A delay or failure by Vestrado to enforce any right is not a waiver of that right.
42. If any provision is held invalid or unenforceable, the remaining provisions continue in full force to the extent permitted by law.
43. The Promotion is personal to the eligible client and may not be assigned or transferred.
44. Headings are for convenience only and do not affect interpretation.

13. Bonus Calculation Example

Item	Amount
Qualifying deposit	USD 100
20% bonus credit	USD 20
Initial account equity	USD 120
Example realised trading profit	USD 100
Balance before withdrawal	USD 200
Remaining bonus credit	USD 20
Equity before withdrawal	USD 220

Important: If the client requests a withdrawal from the promotional account, the remaining USD 20 bonus credit may be removed in full. This may reduce available equity and free margin.

CLIENT ACKNOWLEDGEMENT
By participating in the Promotion, the client confirms that the bonus is non-withdrawable trading credit, may be removed following a withdrawal or breach, may be lost through trading, and does not guarantee profit or protection from loss.
